

WHAT OUR FRIENDS ARE SAYING...

"Thank you again for being absolutely the awesomest master of ceremonies and DJ we could have asked for! Our wedding was so much fun and went so smoothly, and all our friends kept commenting to us on what an excellent, professional job you did, and how much they loved the music. We think everyone dancing all night long speaks for itself! Thank you so much." — Naomi & John (Waltham, MA)

"Keith did a wonderful job as a MC and DJ for our wedding! He worked within our budget and guided us through the process of figuring out exactly what we wanted the feel of our special day to be. Several guests commented on how much they enjoyed the flow of the party and Keith's relaxed, upbeat presence as MC. We would definitely recommend him to others!" — Nellie & Austin (Vermont)

"Thank you for doing a great job at our wedding! Loved the tunes. All our friends said it was the best "dancing" wedding they've ever been too!" — Ali & Dan (Quincy, MA)

ABOUT US...

...formerly known as Glassman Entertainment, Press Play has been providing the soundtrack for special events for over 25 years. We may have a new name and a new logo, but you can expect the same high-energy and experienced staff.

We know what a special event your Wedding is. Press Play wants you to feel confident in your choice of entertainment provider. We will work with you, from the beginning, to create a party that reflects your style and personality. Once the party starts, it is time for you to stop worrying about the logistics, put your dancing shoes on, and enjoy yourself with friends and family.

Our job is not complete until everyone in attendance has had a good time. Our goal is for your guests to walk out the door still grooving to the music and talking about your party the next day.
