

## WHAT OUR FRIENDS ARE SAYING...

"Thank you so much for the wonderful job you did as the DJ for our daughter Abby's Bat Mitzvah! The party was a huge success in large part because you helped us choreograph all of the different elements in a way that made sense for both the kids and the adults. Everyone had a great time" - Elyse S (Belmont)

"Party went great. Russ and Jay were fabulous. So easy to work with! Really, it was wonderful to just hand everything off to them so that I could enjoy the day without worry. People danced to every song right to the end of the party. :D They did a great job of including everybody while still highlighting Shelly just the right amount so that she felt special and not embarrassed. Really, it was perfect!" - Melissa H (Westwood)

"Thank you so much for helping to make the celebration so warm and wonderful. So many people came up to tell us how terrific they thought you were; and especially how impressed they were that during the games you managed to make everyone feel good and included." - Andrea W (Burlington)

## ***ABOUT US...***

...formerly known as Glassman Entertainment, Press Play has been providing the soundtrack for special events for over 25 years. We may have a new name and a new logo, but you can expect the same high-energy and experienced staff.

We want you to feel confident in your choice of entertainment provider. We will work with you, from the beginning, to create a party that reflects your style and personality. Once the party starts, it is time for you to stop worrying about the logistics, put your dancing shoes on, and enjoy yourself with friends and family.

Our job is not complete until everyone in attendance has had a good time. Our goal is for your guests to walk out the door still grooving to the music and talking about your party the next day.

## **THE PRESS PLAY EXPERIENCE...**

Our regular Mitzvah package includes the following:

- ◇ 4 hours of service
