

We are a family-owned and operated farm, specializing in locally and sustainably grown specialty cut flowers. We are not only floral designers with over 30 years of experience, but we also produce everything we use in our arrangements. It is our job to make sure you have the freshest, most unique and vibrant flowers for your special day. Below you will find a list of prices that we typically apply to our wedding flowers and services. These are ranges and very special requests may go over the highest listed price. The minimum prices are the most economical values we can provide at this time.

We also offer an **A La Carte Wedding Package**. This option has become very popular for many of our brides. This care-free, no-stress option leaves all the artistic freedoms to us as we handpick the most stunning of our seasonal floral selections to fit your needs. All we need is to know your *style, colors* and *quantities*; we will do all the rest! Choose as much or as little as you need from the above items. Our A La Carte customers will need to arrange to have the flowers picked up at the farm or market the day of or up to three days prior to the event as delivery and set-up are not available for this option. Prices for the A La Carte Wedding Package are the *minimum* prices from above. Additional rental fees/deposits may apply for any special supplies needed. If you love our design style, this is the most economical option we offer.

We also have a few brave Do-It-Yourself Brides. If you are considering this option, please see our **DIY Flowers** information.

Additional planning and design consultations via phone, in-person and/or through emails will incur further charges, so please be prepared to discuss what is most important to you – colors (paint swatches work great), styles, quantities, event date, times, places, services needed, sample pictures, special needs - during your initial complementary consultation. The nonrefundable deposit is due before the consultation. After the initial consultation a contract will be sent out for your review. Your date is not reserved until the deposit is received. Final payment is due 2 weeks prior to the planned event. Refundable rental deposits will be held until all rented supplies are returned. A 6% KY sales tax will be added to the total bill for materials and services. Since we produce everything, mostly starting from seed, seasonal changes and variations in flower types and availability fluctuates and we unfortunately cannot guarantee specific flowers.

**We will work very hard with you and your budget to understand your vision and bring it to life for your special event!**
