

CORKSCREW WINES  
B R O O K L Y N

## WHO WE ARE

Corkscrew, founded in 2013 by Karin Torres, is your local, boutique wine shop with a point of view. We strive to fill our shelves and your glasses with the best possible product available on the market with an emphasis on wines grown and vinified organically by women.

What interests us most are wines and libations with sustenance that evoke a feeling, nourish the mind & spirit, and create a memory. We want to share this with others and spread our joy and love for these wines.

So grab a glass and join us as we discover the endless world of wine.

## WHAT WE DO

While our brick & mortar is in the heart of the Clinton Hill community, our reach and capabilities extend beyond the boundaries of our neighborhood.

Whether you're simply looking to stock up your own cabinet, create a stellar selection for a wedding or a more intimate event, or gifts for the entire office, we can take care of you.

Our in-house staff of Masters of Wine, aficionados, and imbibers are here to lend a hand and bring you that rare bottle, that special wine, or that magnum of Champagne to create your perfect event or gift.

## CURRENT COLLABORATORS

---

We love the people we work with, and thus, think of them more as collaborators than clients. We prefer the idea of working with rather than working for, and helping our collaborators find that perfect selection of wine for their events, gifts, pairings, or personal collection.
