

## *What to Expect*

My goal is to create a relaxed, pressure free environment for you and your wedding party. I want to capture your most relaxed and spontaneous moments. I'll do everything I can to make the experience fun and carefree.

## *Wedding Information*

The standard wedding package includes all-day photography, allowing me to document your entire day from hair and makeup through the end of the reception. I'll quietly be there every step of the way to give you a set of memories that are timeless and can be passed down to future generations.

Your high definition images will be fully edited so you look your absolute best! You'll receive a personal online gallery that allows you to download, print, share and post as much as you'd like as well as a personal USB drive to store your images.

## *Engagement Photos*

Engagement sessions are a ton of fun and a great time to spend with your partner while cherishing each other. As a bonus, you'll have the perfect excuse to treat yourself to a manicure, get your hair done or buy a new outfit for yourself! We'll spend 1-2 hours together capturing both of you in a casual setting of your choice. We'll get to know each other and you'll be able to get comfortable in front of the camera before the wedding. These photos are great for online announcements, invitations, save-the-date cards, thank-you cards and guest sign-in books.
