

About Us

Thank you for your interest in booking Instant Photocube for your event. We are a full-time business based out of Jacksonville and all we do is specialize in Photo Booths and event photography. We've been providing quality photo booth's to North Florida and Southeast Georgia customers for over 5+ years and 700+ events. We are fully licensed and insured. While certainly not the lowest priced option we feel strongly that we do offer the best quality and services for the price. We arrive with backup redundant equipment (meaning exact same printer and camera as backup in case of failure is in our van when we arrive). We know your event is often a once in a lifetime opportunity and won't allow a breakdown of our equipment to interfere with completing your entertainment plans.

We offer two basic styles of photo booths
