

THE

HIBERNIA

SAN FRANCISCO

ABOUT THE VENUE

Historic. Elegant. Classic.
The Hibernia is a venue like no other.

Built in 1892 by the acclaimed architect Albert Pissis, The Hibernia has been recognized nationally for its historic significance. As one of the few structures to survive the 1906 earthquake, The Hibernia Bank - San Francisco Historic Landmark #130 - serves as a visible anchor for the City's storied Mid-Market neighborhood, the epicenter of an emerging scene of hospitality, technology and the arts.

With ample space to draw significant crowds across three unique floors, featuring unique Neoclassical Revival-style touches, including its grand corner entrance, giant exterior colonnade, and famed domed entrance, The Hibernia is a stunning backdrop for your next event.

VENUE SPACES

SPACE	SIZE	CAPACITY	RECEPTION	BANQUET
