SULMONA

Welcome to the Filmark Hospitality Group collection of restaurants. Began in 1977 by Filippo Frattaroli—and now in partnership with oldest son Philip Frattaroli—our restaurants have been continuously owned and operated by our family. Your private event is an opportunity to showcase all that has earned our restaurants designations as “landmark institutions” within their communities. After more than forty years and two generations, the recipe for success is based on the same key ingredients:

OUTSTANDING TEAM: Our talented, professionally trained kitchen and dining room staff meticulously prepare, present and serve a classic, as well as innovative, Italian menu with a special nod to the Abruzzo region.

EXCEPTIONAL FOOD: We use the very best quality ingredients—locally sourced for freshness whenever possible—to compliment a carefully selected assortment of regional products that are imported from Italy exclusively for our restaurants.

AMBIANCE & LOCATION: For us, the dining experience must be part food, part theater. Whether in the historic North End of Boston or the picturesque New England town of Winchester, guests are welcomed to an experience unlike any other.

ITALIAN HERITAGE: Our mission brings us full circle: from Sulmona, Italy, where our inspiration began, to our Boston-area restaurants, and back again to Sulmona where we invite you to take your culinary adventure one delicious step further with a stay at our very own B&B Sei Stelle.

Our private event coordinators will plan every detail so you can relax, enjoy delicious food and drink, and be a guest at your own extraordinary event. Whether your group consists of a select few friends or colleagues or a few hundred, we will provide a culinary experience that exceeds your expectations. Our greatest source for event bookings comes from guests who have attended another private function with us.

We look forward to working with you.

LUCIA RISTORANTE / NORTH END, BOSTON

Opened in 1977, the “original” Lucia Ristorante was the first restaurant to bring an authentic Italian culinary experience to Boston’s oldest neighborhood. Now forty plus years strong, we continue to be inspired by our native Abruzzo region of Italy.

We take great pride in preparing classic dishes—like *maccheroni chitarra*, thinly layered lasagna—and a variety of Abruzzese specialties.

We are at the perfect location—the midpoint of historic Hanover Street—steps from the iconic Paul Revere statue and the Old North Church (*pictured*).

Valet parking is available.

LUCIA RISTORANTE / WINCHESTER

has anchored the downtown Winchester Center business district for more than thirty years. Opened in 1985 by Winchester residents Filippo and Anna Frattaroli, Lucia's is a North Shore institution.

Lucia's is the sister restaurant of the original Lucia Ristorante in Boston's historic North End. Our team works tirelessly and passionately to provide patrons a beautifully executed and deliciously authentic Italian experience from our native Abruzzo region of Italy—exclusive wines bottled and labeled for Lucia's, pasta made by hand daily, and Italian-sourced imported cheeses and truffles.

Lucia Ristorante/Winchester offers spacious function facilities in an unparalleled setting—a step into Italy only a few steps from home.

FILIPPO RISTORANTE AND FUNCTIONS

is located at the gateway to Boston's historic North End within close proximity to the TD Garden. Filippo's is proud to offer two venues under one roof—a full-service restaurant on the street level and beautifully appointed private function rooms on the second level.

We are the largest private dining space in the North End—with a wall of floor-to-ceiling windows that overlooks the bustling city and the Bunker Hill monument across the harbor.
