

BUTTON WEDDINGS

at the BOYLSTON ROOMS

Less planning, less stress and less expense lets you spend more time on the most important thing of all—celebrating your love for each other. Just add love for an effortless and amazing wedding day!

The magic of our Button Weddings is ease and cost. We have gathered a team of award-winning Western Massachusetts vendors to provide their creativity, talent and skill at prices that are massively lower than you would find anywhere else, organized from start to finish by your dedicated wedding planner.

Buttons are small, simple, and perfectly designed. They are part of our history too—the West Boylston Company made buttons and cotton cloth over a century ago, and we still find buttons around the mill!

If you would love a small and simple wedding with all the beauty and none of the headaches of a traditional big wedding, then welcome to Button Weddings.
