Urban Canvas Catering is a fully licensed catering company. Our chefs have the "Serve Safe" compliance for serving food.

One of our goals is to open our services to a wide range of budgets and clientele. All equipment needs (tables, chairs, silverware, and glassware) will be arranged and coordinated through Urban Canvas. We will also organize any vendors required for each event when necessary including DJ, band, cake, photographer, transportation, etc. Our event staff will be in regular contact with the parks department to ensure we are meeting requirements set forth. Here at Urban Canvas we strive to make event planning as easy as possible for our clients, our vendors and our partners by being flexible, understanding and hard working.

Our main focus is creating one of a kind events in some of St. Louis' most treasured and interesting places.
