“I am very happy to recommend Cecil the Magician as **I was blown away by his performance**, personability, and easy going nature. We hired him for multiple events because we were so pleased with our first experience with him. He is fantastic when dealing with kids and has no problem confidently engaging with the crowd whether that be on stage or strolling around doing close up magic. **I felt very comfortable working with Cecil**, he made scheduling, performance set-up, and payment a breeze; he was very easy to work with. Even after I had given Cecil the wrong times for the event he went well out of his way to make it and **was willing to drive a hundred miles out of his way at the drop of a hat just to be there for us**. Not only is Cecil a wonderful magician, he is a man of character and integrity, traits that permeate into his business and his performance. Cecil is a real stand up guy and I will gladly be recommending him in the future.”

“We had the pleasure of having Cecil perform for our Company dinner party event. Cecil is **very personable and charming**. He walked around to groups that were standing and also visited each table. There were some amazing close up magic using cards, coins, scarfs and goldfish! The table that had the goldfish illusion was so surprised, that one lady asked to take the fish home with her to keep it safe. He was a big hit and really impressed us all with his illusions. **I would recommend him to anyone who is planning an event.** “
