

EVENTS AT *Dear Irving,*

Celebrate your special event at our whimsical cocktail parlor in located in Gramercy - steps from Union Square.

With decor inspired by the film "Midnight in Paris," enjoy libations in a space that allows you to time travel from room to room. Beginning with a room inspired by the John F. Kennedy era, and finishing with a room inspired by Marie Antoinette, Delphine Mauroit's interior design transcends space and time.

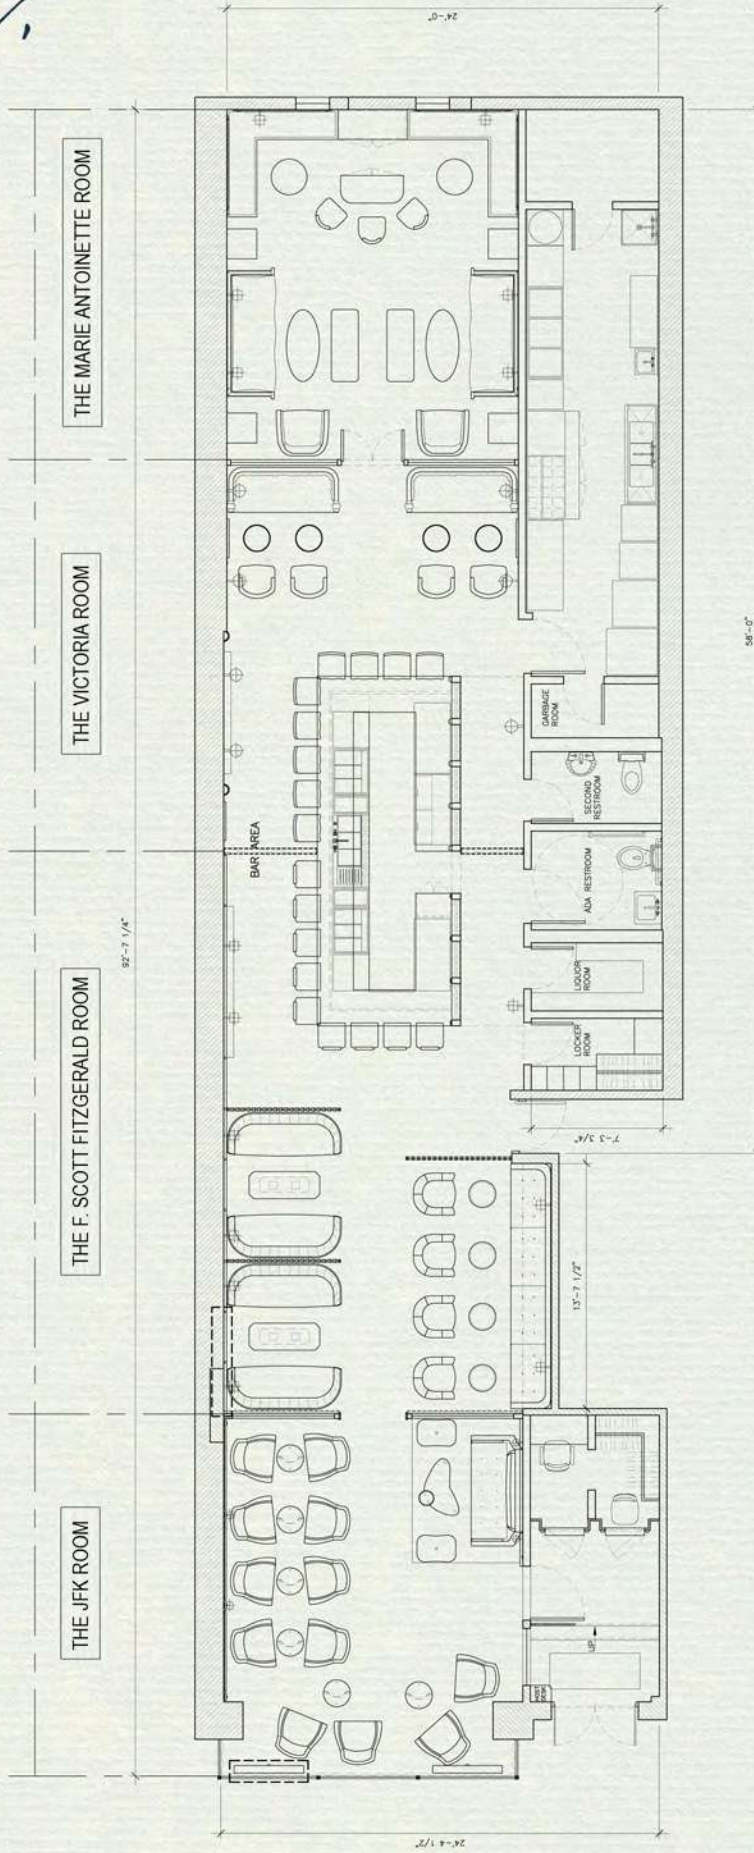

The cocktails created by Meaghan Dorman are timeless and drink with ease and delight in every era.

We look forward to hosting your journey, cocktails in hand.

Yours Sincerely,
The Dear Irving Team
