Our Story

It has always been the centerpiece for families and friends to gather together to celebrate the gifts of life together. Founded in 2018 by the Garcia Family, Tabellas was created to offer a beautiful location for people to celebrate special moments and milestones with one another and to also bring our community together.

THE GARCIA FAMILY

The Garcia Family had the dream to create a one-of-a-kind community space where their family could gather and spend quality time together. As immigrants that were brought to the states by their parents looking for a better life, the Garcia's core values are the center of who they are and what they create. With the belief in God, hard work and the combination of the two, Tabellas came to fruition and opened their doors welcoming all to share their life moments together. The Garcia's vision for their venue is to extend the love, faith and celebration they have with others in the Tampa Bay community by offering a space for special moments to be shared.
