SM indicates Spending Minimum

This simply means you must reach a certain amount in your food and drink selections to reserve the room. Items such as appetizers, bar package, dinner, dessert and late night bites all count toward this minimum. You get to customize your own package with all the fabulous food and beverage choices available to you!

We have a variety of indoor and outdoor options for wedding ceremonies so please schedule a tour to see all of the outdoor selections as well as the back-up indoor options available to cover inclement weather conditions.

Don't forget all of the wonderful planning services and amenities that are included when you book your event at the Manor House! You can see the extensive list on the 'What's Included' page in our Wedding Lookbook.
