# Wedding Planning Services

## WEDDING PLANNING SERVICES:

The Club requires all wedding ceremonies & receptions hire a certified wedding coordinator to oversee the wedding. In the event you do not hire a wedding coordinator, someone from our catering department will be assigned as your day of wedding coordinator.

## DAY OF COORDINATION FEE OF \$600

The obligation of your venue wedding coordinator would be:

- Recommend preferred professionals
- Act as a menu consultant for all food and beverage selections
- Detail your wedding timeline outlining all of your event specifics, to ensure that it is communicated & executed flawlessly by the operational team of the venue
  - Create a floor plan of your function space(s)
  - Oversee the ceremony and reception room(s) set up

*The venue coordinator does not reserve the right to shift or move timing of the wedding ceremony or reception without proper instruction from the client*
