DID YOU KNOW THE MOST IMPORTANT INGREDIENT TO GOOD FOOD IS "LOVE"?

People can taste when their food is prepared with Love!

INGREDIENTS.

Our food is prepared with fresh vegetables from the onions, peppers, mushrooms all the way to our unique sauces. We did a survey of our customers, and we found that the most important thing that people remember from an event is "how the food taste." Lake Harbin Gourmet has researched, and have put together affordable, delectable, and well presented menus that will allow your event to be a success, and more importantly, an event that your guest will talk about for days to come .

Staff.

Our staff consists of chefs and southern style cooks who have been cooking for many years, and have made cooking their craft. We have hand-picked our chefs and cooks to assure that our end products come out with the love and the aromas that will captivate your guests as soon as they walk into the event hall. At Lake Harbin Gourmet, we believe good food "smells good" as soon as you walk through the door!
