

James Room

SEATING: 220

The James room is the largest space at Robber's Cave. With an open floor plan, you can design the space to your needs. With a full-service bar and easy access to loading doors, the James Room is the perfect space for wedding receptions, large corporate dinners, or trade show floors. Sliding barn doors can open up and connect to the Scarborough room for added guest attendance. To continue the perks, the oversized garage door can be opened and designs could include the lower level parking lot.

Scarborough Room

SEATING: 80

The Scarborough room is adjacent to the James Room and can be used as a separate space by closing sliding barn doors or opening them to create one large space. With a full-service bar and fantastic natural light, the Scarborough Room is the ideal space for corporate luncheons, private meetings, or additional wedding seating. To continue the perks, Robber's Roost (Seated occupancy - 20) is a lofted space above the seating area. Events can use the Roost as additional seating, a kid's play area, or even a groom's hangout! Robber's Roost could also be used for a small size board meeting for leadership teams.

Lower Level

SEATING: 300

Should you need space for a very large event, you can combine both the Scarborough room and the James room and utilize our entire Lower Level. By simply opening our sliding barn doors our two largest spaces are combined to create a single space for up to 300 seated guests. With bars on both sides of the Lower Level and access to loading doors and the parking lot, this space is flexible enough for most larger events while still retaining its personality and charm.
