Website: [www.sunrisefarmsvenue.com](http://www.sunrisefarmsvenue.com)

### WELCOME/ABOUT US

**Sunrise Farms Wedding Venue** sits upon a nearly two century old family fruit farm in Southwest Michigan. The property is a historical goldmine with a three-story barn from the late 1800's, the oldest surviving log cabin in Michigan and a 1928 original farm house.

It is situated on the remaining 13 acres of farmland with neighboring farms as far as the eye can see. It is lush with greenery and historic character. The well groomed property offers a charming vintage flair and many natural backdrops.

The large barn has a rustic interior that is polished with whimsical details and lighting to suit any couple's needs. It is wood and beam style with huge barn doors and a front porch to welcome your guests.

Wedding ceremonies can take place in two outdoor locations that each offer a special historical landmark to say "I do." The Jakway log cabin built around 1835 makes for a truly one-of-a-kind ceremony setting backdrop. Or the deck of the brick farm house showcasing beautiful details of the unique craftsmanship of the House of David.

In addition to the natural beauty of the property, there is a landscaped pond and water wheel that is picturesque. Along with the family windmill that towers over the farmland.

We are conveniently located less than 2 hours from Chicago in the Benton Harbor Charter Township. We would love the opportunity to make your wedding day magical.
