

A photograph of a wedding couple standing under a decorative archway. The archway is made of light-colored wood and is adorned with numerous large, dark, conical bells hanging from it. The background wall is a warm yellow color, decorated with several small, stylized sunburst motifs. The couple is smiling and looking at each other. The man is wearing a dark suit, a white shirt, and a dark tie, with a red boutonniere on his lapel. The woman is wearing a white, sleeveless, lace dress. The overall atmosphere is warm and celebratory.

INDOOR FACILITIES

If rain or inclement weather is in the forecast, we activate our rain plan. You can rent tents, and/or utilize our Indoor Warehouse Space.

Our indoor arts industrial space opens to the Village, so guests can view and access the site during breaks in the weather. It connects to our bathrooms and waterfall sink.

Decor includes the original Music Box fence by international street artist & project co-founder Swoon, as well as crab trap and trawler chandeliers hung from our 5-ton cranes. We feature a purple piano played in the space by Norah Jones. Our team can create green room, lounge and altar-like set ups around the space based on your needs. Our studio is draped off by navy velvet theater curtains.

We accommodate a full bar, buffet dining, and live music/dance space for up to 150 guests indoors.
