AMAZING! We had booked our wedding reception here and every step of the planning process was simple and easy! The day of our wedding, mother nature decided to give us a nasty storm and my dream of a beach wedding was cut short. We had to reroute to the hotel and have our ceremony on the dance floor! My MOH called Caitlin (banquet manager) and told her we were headed to the reception hall and having our ceremony there. Caitlin had her team take all the chairs from dinner tables and line them up on the dance floor so I could walk down an aisle! She also threw together an arch and even decorated it for me (all in about 10 minutes I should add). Her team along with TJ (best bartender ever) were ABSOLUTELY AMAZING! I seriously cannot say enough about the staff here and how accommodating they were. All my guests were made aware of what was happening and everyone was happy and had an awesome time! They even allowed us to have our post-ceremony pictures taken in their lobby. The rooms are very nice and the hotel pool & tiki bar are great. Food was fantastic & presentation was great. They handled all the setup and even let me sneak peaks to make sure it was everything I wanted. My new husband and I enjoy going back and having lunch outside from time to time! HIGHLY RECOMMEND!!!!!!
