

2Gather

Elegant Event Venue

Passionate About Your Exceptional Experience!

Why Choose 2Gather?

This upscale and modern venue is designed to create a one-of-a-kind atmosphere that will leave a lasting impression on your guests. With stunning architecture and modern amenities, our flexible space and customer service provides everything needed for an unforgettable event.

The Dream Team Planning Process

At 2Gather we believe your wedding day deserves a team of detailed event professionals that are passionate about helping you achieve your dream wedding day. Our dedicated team, consisting of Day of Facilities Managers and Venue Detail Specialists work with you throughout the entire wedding planning experience. And did we mention...we love the details! These include Wedding Day Timeline, 3D Floorplan Creation, and coordination of vendors. We don't limit calls, emails, or even visits to the venue (who does that!).

Our team helps facilitate an all-inclusive experience in our unique open vendor environment, ensuring your chosen team works together as one cohesive unit. We are the primary point of contact on wedding day to oversee the venue, vendor team and your overall guest experience, ensuring no detail is missed. While we don't replace a Wedding Planner or a Day of Coordinator (they are our partners in crime for your event!), here at 2Gather, we create exceptional experiences! And...we guarantee it!

"We are very excited to welcome you to 2Gather! Life is an event, and we have the privilege to fulfill the dreams of our clients! To our Dream Team, every detail matters! Let us help you turn your vision into reality to create the experience of a lifetime! Our passion is your perfect event!"

Kim McMillan, Owner

"Weddings are my specialty and creating memorable experiences are my passion! Combine the two for one epic wedding day! As Chief Experience Officer, my goal is to ensure that your day is nothing less than exceptional! Say I DO to the venue and see what all the hype is about!"

Jennifer Rickaby, General Manager
