Hearing about Walt Disney World and its Cast Members celebrating Haitian Heritage on Haitian Flag Day is heartwarming. The use of the red hibiscus flower as a symbol of passion and love is a beautiful representation of the spirit and culture of Haiti.

By incorporating an eco-friendly floral backdrop created by Lhia'Telier Designs at the Polynesian Village Resort, we showcased the beauty of Haitian art and promoted sustainability and environmental consciousness.

Given Haiti's vulnerable status in the Caribbean, events that honor and promote its rich heritage can help bring positive attention to the country and its people. Celebrations like this also have the potential to foster cultural exchange and understanding between different communities.

It is essential for organizations and businesses, like *Walt Disney World*, to embrace cultural diversity and showcase it in meaningful ways.

Such initiatives can create a sense of inclusivity and appreciation for different cultures, further promoting unity and understanding among people from various backgrounds.

Overall, this celebration serves as a reminder of the power of art and culture to bring people together, create positive change, and foster a more compassionate and interconnected world.

The renowned European event known as "Le Diner en Blanc" is an exquisite gathering taking place across 90 cities worldwide.

Attendees convene in a communal setting to partake in a delightful picnic within a temporary dining structure stationed in a public space. The event's origins date back to 1988 when François Pasquier invited his acquaintances to join him at a park in Paris, France. The gathering proved to be a resounding success, leading to the continuation of this tradition for years to come.

Black King David.

Throughout history, Michelangelo's David has been a significant source of inspiration for artists, designers, and creatives. Its influence can be seen in countless artistic works, sculptures, and modern interpretations. The statue's timeless appeal speaks to its universal themes of courage, determination, and overcoming daily challenges.

The unveiling of David on September 8, 1504, marked a pivotal moment in art history. It became a symbol of strength and independence for the Florentines. 490 years later, I was born.

Today, it stands as an enduring representation of human potential and a testament to the brilliance of Michelangelo's artistic genius.

Inspired by a beloved Haitian condiment.

It may come as a surprise to learn that the Haitian condiment known as "Pikliz" boasts not only a delicious taste but also a wealth of essential vitamins and minerals including vitamins C and K as well as calcium. Despite its low-calorie content, Pikliz is a nutritional powerhouse, offering both probiotic benefits and a significant boost to overall nutrition. We highly recommend giving it a try!

MAJAH

While I usually prefer to keep a low profile for work, I've decided it's time to put a face to the name. I'm finding the experience exciting and thrilled to share more about myself and what drives me.

I am immensely thankful to all those who recognize me as the creative director of arrangements. Your unwavering support and trust have enabled me to execute numerous spectacular events that will remain in my memory forever.

The COVID-19 pandemic has caused massive disruptions in the floral and events industry. However, I am confident that this transformation brings abundant opportunities for growth and development. It is a chance for Lhia'Telier to rise to the challenge and create something remarkable.

Lhia'Telier Designs specializes in creating alluring floral arrangements and party designs. Growing up, my mother instilled a deep appreciation for plants and flowers, which has only continued to blossom over the years.

My passion for helping others led me to pursue event planning, and my commitment to ensuring the utmost satisfaction of my guests drove me to establish a floral design company.

As a second-generation designer, second-generation woman business owner, and first-generation Haitian immigrant, I am proud to be a reflection of all that has influenced me so far. My unique experiences have shaped me into the woman I am today, and I am eager to continue this journey and see where it takes me.

I am a wife, mother, daughter, sister, and friend.

Design is my calling, and I'm grateful to be able to make a living doing what I love. I put my heart into everything I do and strive to work even harder to live a meaningful life.

Cheers to blossoming together!
