

Founded 1640

Christ Church's cemetery holds the remains of many patriotic men and women. They persevered through the Revolution and all the wars since, in which American families have been called to sacrifice. This was evident in the War of 1812 in which Christ Church was deeply effected. On July 30, 1814, British troops attacked Chaptico and terrorizing its people and Christ Church. The invaders stabled their horses in the church, used the altar as a table, smashed the marble floor, and the organ pipes. In addition they desecrated the graves, tossing corpses from their shrouds, as they searched for treasures. One such site was the Key vault, family of Francis Scott Key.
