

Simple Pricing

Our pricing is easy to budget. We find out as much as we can about your wedding day, then we give you a price quote...that's it. Once you've reserved your wedding day with us, the only way for the price to increase is if you add more hours of fun and dancing.

Below is our current pricing for a wedding in the Greater Sacramento area. The number of hours is based on actual play time. We arrive early to set up.

\$1,600

For the first 4 hours

\$100 per hour

For each additional hour
