The Story

Studio96 is a unique and intimate historic venue, located in downtown Edmonton. Built as a church in 1914, one hundred years later two architects fully renovated and modernized this exceptional building and transformed it into a contemporary and inspiring event venue. With its magical welcoming atmosphere, blending rustic and new, people love to come here to celebrate life's special moments together.

The Venue

The front entrance on 96 Street – Edmonton's Historic Church Street – brings you into the foyer. Double doors lead into the grand Main Hall with its high cathedral ceilings, arches, a stage, and bohemian décor. Adjacent is a bar and a small prep kitchen for the caterer. During the day natural light pours into the Main Hall, and as it gets darker colorful lights create a romantic ambience. Downstairs is a picturesque lounge with original exposed brick walls. It is a great break-out space to gather and relax. Its special ambience is a favorite for photoshoots. On the lower level you will also find 5 gender neutral modern washrooms and a larger washroom with a shower and a changing table. For the guest of honor, brides, VIP's, speakers, performers or event planners we offer a private suite to prepare and relax. Throughout the building there are several comfortable seating areas with cozy couches, chairs and sofas.
