Frequently Asked Questions

Is there an area for the couple and their entourage to get ready on-site?

Yes, we have a 2-bedroom 2-bathroom farmhouse on premise to accommodate the bridal party for getting ready. We also have a separate lounge area for the other half of the party to relax pre-ceremony.

Do you have overnight accommodations for us or our guests?

We allow the farmhouse to be rented overnight through AirBnB.com. Inquire for details.

What time is the facility available for my wedding?

Your ceremony can start as early as 5:15pm and the noise ordinance allows the event to last until 10pm.

May I extend my time to have a longer wedding?

The tasting room may be bought-out for one additional hour to start your private event at 4:15pm rather than 5:15pm. The cost for this option is \$3000.

How many people does the space "comfortably" accommodate?

The front lawn can easily accommodate 200, the front patio around the fountain can comfortably seat 80, the barrel room can seat 140 with a dance area. There is overflow areas nearby for additional guests. Our property is limited to 200 guests.

When can event set-up start?

The front lawn and pergola areas can be set-up the morning of the wedding starting at 10am. The front patio can be rearranged and/or set up by your caterer or florist starting at 2:30pm as guests leave each table. The items going in the tasting room cannot be set out until 5pm unless the additional hour is purchased in which case items can be set out at 4pm in the tasting room.

Do you provide rentals?

We have many tables and chairs included and we offer our wine glasses for use as long as they are polished by your caterer at the end of the evening. There is a breakage fee charged for broken or missing glasses. We rent heaters for \$75 each.

Do you provide glassware, dishes, silverware, and linens?

We do not provide dishes or silverware, but we do offer our wine glasses for use. They need to be returned to us cleaned and polished, so many couples find it more cost-effective to rent their own rather than hiring an extra staff member from the catering company to wash glasses.

Do you require couples to use a specific list of vendors?

No, however, vendors must be licensed and insured. Proof of insurance is required. We will provide you with our preferred vendors list if you need help selecting vendors.

Do you have cooking facilities?

The facility has a full catering kitchen available for use by a San Luis Obispo County licensed and insured caterer. The kitchen is equipped with two forced convection ovens, stove top, a commercial size refrigerator, a large freezer, a three-compartment sink, commercial dishwasher, and counter space.

Do you provide your own catering?

No on-site service is available. Outside caterers are welcome; they must be licensed and insured. All documentation will need to be provided to VSJ staff prior to the event date.

What restrictions (if any) are there on decorations?

All fire code regulations must be followed. We only allow flameless candles or specially approved contained candle centerpieces and no sparklers may be used. Nothing can be attached to facility walls or ceiling nor any framed photos or displays removed.

Does your venue often accommodate more than one wedding at a time?

No. We allow only one wedding or event per day and often per weekend at our facility. Our staff makes a conscious effort to book events so that they do not interfere with one another.

Do you offer security, if required?

No, but security is required for all events serving alcohol. We have companies that offer this service listed on our preferred vendors list.

Do you require additional portable restrooms for private events?

You are welcome to rent restrooms, but with 4 on site you are not required to do so.

Can we or our guests swim in the pool or fountain?

No, this is dangerous, we do not allow anyone in the pool or the fountain.

Is there handicap access and parking?

Yes, each facility complies with current ADA requirements. Several handicap accessible spots are located near the front entrance.

Do you provide ice?

No. The caterer will need to provide all ice needed for the event. There are also companies locally that deliver ice.

How much wine should I buy? When can I buy it? And are there any discounts?

On average, estimate about 3 glasses of wine per person (there are 4 glasses of wine per bottle) even if you are providing beer as well. There are 12 bottles per case. Wine can be pre-purchased at any time and we will store your wine on property until the day of your wedding. We offer couples getting married at VSJ up to a 30% discount on all current release wines based on the tier of wine club chosen.

Is beer allowed on premise?

Yes and you may bring in your own. We only allow cans or bottles, not kegs. The leftover beer and wine can be taken home with you at the end of the night or the next morning.

Can we serve hard alcohol or mixed drinks for our wedding?

We do have liquor options, inquire with event manager.

Can we bring in outside champagne?

Yes, you may choose whatever sparkling wine or champagne to purchase for your wedding.
