# WELCOME

We are so excited for the opportunity to help you host a truly incredible day. Grange Insurance Audubon Center's mission is to protect birds and their unique habitats through its beautiful 160 acres on the Whittier Peninsula.

The Grange Insurance Audubon Center is the first in the country within the Audubon Center network to be built so close to the heart of a major city - only one mile from the center of downtown Columbus. It was the focus of a major urban reclamation and redevelopment project that involves Audubon, the City of Columbus, and Franklin County Metro Parks. The facility is located within the Scioto Audubon Metro Park, on the Scioto River.

The center is a conservation action and community gathering place for those who live and work downtown, as well as everyone in the Central Ohio area.

If you're looking for a venue that embraces natural light, celebrates the beauty of the outdoors, and is committed to sustainability, you're in the right place!

Thank you for considering Grange Insurance Audubon Center for your event!  
*Sincerely,*

GRANGE INSURANCE AUDUBON CENTER
