 - DJ
 - Band

In June my company hosted our Summer Picnic of 95 people.. I worked with Jackie, their event manager, who was so helpful! Planning was a breeze, the food and drinks were delicious... The best part of the experience was the staff who made sure all of our people always had a drink in their hand and the party area was clean. I highly recommend them for any event!

Emily, Octagon Corporate Summer Party

We hosted our son's 1st birthday party at 314 Beer Garden in September and I can't even put into words how amazing the day was! From the first phone call asking if they'd host the party to the follow up after the event, everything was perfect. We had over 100 people including babies, kids, and adults and the staff pulled it off flawlessly. The food was amazing, and the servers were proactive.. Jackie (314's event planner) was always so quick to respond to my emails and was genuinely excited to help me plan the party, which made the experience so much better! I had multiple guests coming up to me complimenting them, the venue, and saying how wonderful the everything was.. I highly recommend 314 Beer Garden for any event!

Lianna, 1st Birthday Party

I came here initially for a work happy hour and was blown away by the live music and atmosphere. Great place to go overall for any occasion and booking group package events is possible. There is a full bar on one side and food area on the other with an Italian made pizza oven (5) The staff is very friendly and makes the overall atmosphere as welcoming and the large fire pit in the center that brings everyone together.

Jared, ASML Happy Hour
