  - o Friday-Sundays and Holidays: \$3,500

## FAQs

### **Capacity for Events**

Cortina can accommodate up to 12 guests for a dockside or mooring event or chartered cruise.

### **What is Included, What to Bring**

Cortina will be outfitted with a selection of nonalcoholic refreshments, ice and towels for your use. We recommend bringing a second layer since it can get cooler on the water, even on summer nights. Smoking is not permitted onboard. Shoes must be removed upon boarding.

### **Food and Beverage**

Your reservation includes a selection of complimentary nonalcoholic beverages and ice onboard. At this time, outside food and beverage is not permitted without approval for special circumstances. All food and alcohol service must be coordinated through Dog Watch Catering (see sample menus for more info). We are happy to customize a menu for your event to accommodate any special requests and dietary restrictions.

### **Deposit and Cancellation Policy**

Booking is confirmed with a contract and deposit, which is typically the charter rate plus sales tax. Once a customer books, the date and time is held for your event and we notify all subsequent inquiries that the boat is unavailable for that date and time. For this reason, we do not offer any deposit refund on cancellations made within 90 days. If you do cancel a reservation up to 90 days before your charter date or if the charter is cancelled due to inclement weather, we allow a no-cost change of date within one calendar year and will apply your deposit to the rescheduled event date.

### **Offsite and Alternate Locations**

Let us come to your dock or mooring for your event! All offsite locations must be coordinated in advance between Good Dog Charters and the requested venue. Additional transport or docking fee may apply. For custom cruising routes, contact us directly.

### **Inclement Weather**

If our captain makes the call to cancel a charter due to weather conditions, we will try and make the decision at least 3-hours before departure time. Oftentimes if the weather keeps us from sailing, hosting your event on the dock or mooring may still be an option. In the event our captain decides it is not safe to set sail that day or be on a dock or mooring, you will have the option to reschedule a rain date within one calendar year and we will forward your deposit to the new date. Otherwise, if rescheduling is not an option for you, we will refund your deposit.

*If your event is cancelled the day of due to weather, we may be able to offer an indoor location at one of our two restaurants or venues as a backup plan, depending on availability and the size of your group.*
