The food was incredible. The chef was flexible. He even tweaked a dish to make it exactly what we wanted. My husband and I spend our fair share of time at great restaurants and we had many foodies in our group. I cannot even count the number of compliments we're still receiving on the food."

WINE BAR INTIMATE SETTING

This restaurant is a hidden gem in Chicago. If you want your wedding guests to have the best wedding experience ever, this is your venue. Our guests are still raving about how it's the best food they have ever eaten, and not just at a wedding! The staff is extremely friendly and accommodating. We absolutely LOVE this venue and would recommend it in a heartbeat to anyone looking to host their wedding here.

When looking for a wedding venue, we knew we wanted something outdoors and something "Chicago". We got both at Rivers, and for a reasonable price!! Allison [weddingwire.com](#)

We had our wedding here on the outdoor terrace. It was absolutely breathtaking! If you're planning on having a true outdoor Chicago cityscape wedding with a plan B for rain (it's Chicago you know you have to have one) this is the place.

From the initial venue visit to the countless emails and phone calls back and forth and of course everything she did the day of, Rivers' staff was always responsive, friendly, flexible, helpful, and just simply a pleasure to work with! I had no idea how much work went into planning a wedding and I am so grateful that I had Taylor there to guide me through the process, and always be there with a smile. Overall, I couldn't recommend Rivers more. I wouldn't change a thing! I wish we could afford to throw that party every year. It was PERFECT!

We loved the flexibility of the venue from being able to dine inside and/or out. The view is incredible! Throughout the planning process they were always willing to try to accommodate our wishes. We are so happy we had the wedding reception here. Top notch all the way around!
