DO I NEED AN EVENT PLANNER or COORDINATOR?

While not imperative we do recommend that despite having a Event Sales Manager and Banquet Managers to work with at The Sutton Place Hotel Toronto, you still hire a professional Event Planner or Coordinator. The Event Sales Manager at Sutton Place Hotel Toronto will work with you from the point of initial contact, through the contracting phase and will assist while working through the details as it relates to your event venue. Your contact person will work with you on guest room requirements, deposits/payment, menu planning, set-up details and floor plans, service timing for the event reception and meal, as well as liaise with the culinary and banquet teams so that they are also well-versed in what is important to you on your event day. They are on-site the day of your event to greet your hired Event Coordinator and introduce them to the Banquet team, who will oversee the event service for your event; ensuring all details have been relayed. The Event Sales Manager will work hand-in-hand with your hired Wedding Planner/Coordinator; however, a Wedding Planner can assist you with services outside of the scope of the hotel. A full Planner can often assist with coordination from engagement to your honeymoon, working with you on your overall design and concept, doing all of the research and legwork, liaising with the venue, photographer, officiant, decorator, florist and DJ. Even if you opt out of full planning services, most professional planners will still offer 'partial planning' or day-of event coordination, which can be essential in the making the big day as special and successful as you always dreamed it to be!
