A look inside our work.

About Us

Tap Truck Auburn is a truck rental and bartending service that serves Lee County and the surrounding areas. "Nova", our 1955 Dodge Panel Truck, is equipped and ready to serve you and your guests through her five cold taps! With Tap Truck Auburn, we are with you every step of the way to handle all the frustrating aspects of planning bar services.

Our Mission

Our goal is to provide a one-of-a-kind experience that is above and beyond the expectations of our clients. Let us make your vision a beautiful reality.

Beverages

Currently, there are no liquor licenses available for mobile bartending businesses in Alabama. For this reason, we are not able to sell any alcoholic beverages. No worries! We have close working relationships with local Craft Houses and distributors, so we help determine cost, availability, quantity, and type of alcohol needed for your event. We handle all the phone calls and logistics of finding licensed providers for your alcoholic beverages, so our clients need only to pay separately for alcohol.

So what drinks can we serve through our 1955 Dodge? Beer? Wine? Mixed drinks and Cocktails? Hot liquids? The answer is all of the above! We can serve beer directly from the kegs they come in through our cold taps! Wine can be poured directly into our own "Corny Kegs" or served by the glass from the bottle. Signature cocktails? Those can be mixed on-site in our personal kegs as well, or made to order from our bar! Expecting a cold night? One of our taps can be used to serve hot chocolate, coffee, ciders, and more!

Have children or guests who prefer non-alcoholic drinks? We have it handled! Included in each of our packages is a bottled water/canned soda self-serve station for up to 100 guests. Each additional guest is \$1.50 per person.
