

Where
Creativity
Connects

ABOUT US

Our mission is to build a happier community through engagement with the arts. We serve as a creative hub for artists to gather together, while also investing in artists so they have the tools, connections & support they need to excel in their practice, in the hopes they will reinvest that energy back into the community.

The gallery at Atithi Studios is a unique space dedicated to art, entertainment, & community. This makes it the perfect venue for intimate private events! Surround yourself with the art of the area's top emerging artists while hosting your next reception, shower, or fundraising event. Located in the heart of Sharpsburg, the restored gallery space is equipped with everything you need to host the perfect gathering.
