Signature Enhancements

Enhancements are how we create and alter the atmosphere throughout the night - from elegant uplights throughout your venue, to intelligent party lighting on your dance floor, and even a foam LED Light Sticks for your guests during dance. Your choice of enhancements combined with our DJing will differentiate your event and make it stand out from all the others.

Intelligent Party Lighting

On the flip of a dime, we can make your reception come to life with computer-synchronized lighting. The dance floor lighting will match to the beat of your music, creating an atmosphere that will keep everyone on the dance floor.

Venue Up-Lighting

Venue Up-Lighting brings all your decorating together by lighting up the walls of your venue in your colors. This creates unified atmosphere throughout the venue.

Custom Monogram/Projector

This is great for a Company Logo, or use the projector for a presentation.

LED Party Sticks

Add some fun to your Dance Floor! We will provide these awesome LED foam sticks for your guests during the dancing/party portion of your event. And yes, they get to keep them!

BEST. DJ. EVER!!!

Bernardo was such a huge part in making our wedding night absolutely perfect. From the start of booking, he made sure we were informed on his process and always on the same page. He answered all of my (many, and probably annoying) questions promptly and with a great attitude!!! Leading up to the wedding, I was worried about plenty of things - but I was fully confident in him and never had to stress over how the music would go. He made sure the whole day went smoothly as our MC, and curated playlists for each part of the day based off of some music I had picked out. He knew how important the music was for me, and he **KILLED** it. The dance floor was packed all night, and I loved just getting to party with everyone I love worry-free.

Finding vendors for your wedding can be scary - it's such an important day and it's really hard to know how they'll be day of. You can stop right here knowing you can put your **FULL TRUST** in Bernardo to make sure your wedding is the best night ever!

Sara Hawkey

Bernardo is a wonderful human and great DJ! He jumped in as our DJ 1 month before the wedding and everything was perfect despite the lack of time to prepare. He was organized and listened to what we wanted. We loved working with him and would recommend. We got multiple compliments on the music choices from our guests!
