EVENT PLANNING

Scheduling

Event Flow: When would you like food to be served? Are there specific times you do not want service interruptions?

Setup and Tear Down* Let us know if additional time is needed for setup or cleanup so we can schedule accordingly.

Menu planning:

Group Size Recommendations: For groups larger than 25 people, we recommend buffet, family-style dining, or set-menu options for smooth service. Offering our full restaurant menu is possible but may be challenging for large groups wanting synchronized service.

Customization: We can tailor the menu to your event's specific needs, whether for dietary restrictions or themed meals.

Administrative:

Payment: Will the host cover all costs, or will guests pay individually? We can accommodate both options.

Alcohol: Will alcohol be served, and if so, will there be drink tickets or a hosted bar?

Prepayment: Will guests prepay for their meals, or will payments be settled on the day of the event?

Audio/Video:

Presentation Equipment: We have TVs available for presentations. Please ensure that your laptop is compatible with our systems (HDMI is available).

Microphones: Microphones can be provided upon request for speeches or presentations.

Additional Tech Needs: Let us know in advance if any additional equipment is required.

Set up and Decorations:

Setup Time: Please inform us if you need extra time to set up decorations or equipment. We can accommodate early access to the venue based on availability.

Decor Services: If you are working with a third-party decor company or need special items like tablecloths or fridge space, please let us know in advance to ensure we meet your requirements.
