## Flowers & Floral Design

Wollam Gardens and Wollam Gardens' florist partners provide flowers and floral design services for all events at our farm. We do require that couples choosing to have flowers in their wedding use our designers. As a cut-flower grower as well as an event venue, our mission is to encourage the use of local, seasonal flowers. We find that the best way to decorate our space is with the flowers in our fields. We offer budget-appropriate options for any size event, and we're happy to provide anything from full-service design and installation, to loose stems for those that want to arrange the flowers themselves. Exceptions may be granted in some instances, please visit <https://wollamgardens.com/custom-floral-design> for more information.
