You have the option to build your own package from the pricing list or choose from a specialty package listed above. There is a 3 hour minimum for all entertainment services. Each package includes DJ performance, MC announcements, music requests, and setup and breakdown time. Each price includes taxes and fees. We always arrive two hours before the start time. You can add mileage, entertainment time or equipment to any specialty package or substitute for services for equal or less value. You cannot remove services from the specialty packages for a discount. We also include a meeting with our scheduling coordinator two months prior to the event to go over the day of events as well as special song selections. We require a meal during the event. The security deposit to secure the date is 25% of the total. We accept credit cards, Paypal, Venmo and CashApp for payment. There is a 3% processing fee for all credit card payments.

Looking forward to meeting you both! Have a wonderful day!
