Settings

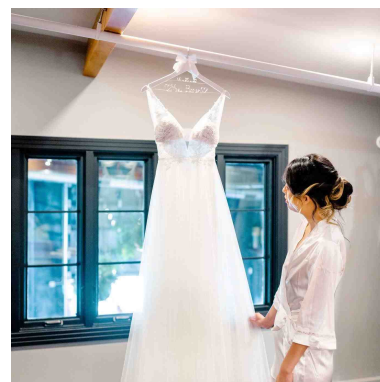

THE CASK ROOM

White-washed brick walls and aromatic wine barrels offer up a unique setting that can be described as both industrial chic and rustic. The expansive warehouse-turned-winery boasts 20-foot-high ceilings, a balcony overlooking the entire room, a reception area with a 30-foot-bar, and a small outdoor patio.

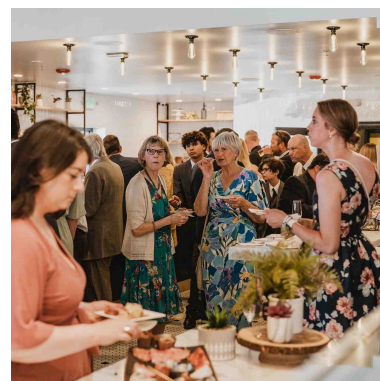

THE SYRAH SUITE

This second-floor private suite is complimentary with your wedding rental. It makes a great place for your wedding party to hang before the grand entrance, or for your vendors to eat dinner. Consider renting it for pre-wedding functions such as your rehearsal dinner, bridal shower, tea ceremony, or post-wedding brunch. Includes a private restroom & full-length mirror for primping.

THE OSTERIA

This bright and modern space is open to the public for wine tasting, casual Italian fare, and drinks Wednesday through Sunday. If your guests arrive too early for your event, they can hang out at the bar and buy a drink. Restaurant buyouts are available if you'd like this space for your party.

THE BOARDROOM

This complimentary room is connected to the Cask Room making it a great space for you to take a quick break from the party. Or, you can use the TV in the room to play a movie for kids to keep them entertained.

Modern Ceremony **no charge**

In a modern ceremony, guests watch the ceremony from their reception tables. The modern ceremony is a no cost option, the only option for weddings with over 150 guests, and you can use it as a back-up plan for an outdoor ceremony elsewhere (if it looks like rain on your wedding day).

FAQs

What is your reception capacity?

Our capacity varies depending on the style of catering service that you prefer. 270 guests is the maximum for plated service. For buffet or family style, we recommend limiting to 250 guests as the buffets or larger tables take up more space. Remember, you still need space for dancing!

What is the average price based on in your catering packages?

Our average prices are based on 125 - 149 guests. You can expect a higher price per person if you have a lower guest count, or a lower price per person if you have a higher guest count. This is due to fixed labor costs in the kitchen.

May I bring in other vendors that are not on your approved list?

We do highly encourage you to choose from our Preferred Vendor List as all of our vendors are experts on our policies and expectations, physical space, lighting, load-in, parking, etc. However, you may bring in other vendors (aside from a wedding coordinator) free of charge and without prior approval. They must provide proof of business insurance and sign our vendor expectations agreement prior to your wedding to be permitted to work.

May I bring in my own catering or alcohol?

You may bring in your own licensed caterer with the purchase of our Service Package. Our liquor license does not allow outside spirits, however you may bring in additional wines for a corkage fee.

Are there any time restrictions?

The only time restriction we have is that Friday weddings may start no earlier than 6 pm. You can go as late as you want, but alcohol service is limited to 6 hours maximum (and must end by 2 am).

What is your hold policy?

We can hold the date without a deposit for 30 days, or until someone challenges it. If someone were to challenge your hold (within the 30 day period), you would be notified and have 48 hours to secure the date by submitting a 25% deposit.

Does Domenico Winery have outdoor space?

We're an urban winery without on-site vineyards, however, our landscaping makes for beautiful photos (we'd be happy to share with you). Many of our couples choose to stay at the SF Grand Bay Hotel (5 minutes away) with scenic trees and a small lake, perfect for pre-ceremony "first look" photos.
