Easton Broad

WHAT THEY SAY

We needed a venue that was easy to work with, flexible, and yet still beautiful. Easton Broad delivered just that.

They were a perfect blank slate and Aaron & Kelly gave us so much freedom to create something incredible. We also loved how we were able to do our bartending & rentals through them...

They were so chill and accommodating and we can't recommend them enough. With their help, our <event> was more than we could have hoped for!

The owners.. were a pleasure to work with, easy and clear communication all the way through. They offered many vendor recommendations which we used to great success. The owners also handle the drinks and bartending which they knocked out of the park! Friendly, great drinks and lots of options. I would without a doubt recommend this space for an intimate wedding or company party, not only for the nice space and good value but the honest communication and direct approach from Kelly and her partner.

It's a perfect blank canvas for any event as it's beautiful on it's own, before you even bring in your own decor. We appreciated their flexibility: open catering policy, different packages, etc.

... Kelly was so organized with all the details such as rental and vendor coordination. Aaron's incredible cocktails had all of our guests raving and he added a really personal and friendly touch..
