**Your solution to security  
in the South Bay**

**Experts in the South Bay**  
We care about your neighborhood  
because we **ARE** your neighborhood.

The majority of our officers are from the South Bay. That means that our familiarity and personal interest in this area cannot be matched. We further top that with a level of personal attention that only a truly local company can give.

PP016103

## Quick Response and Versatility

Our dedication to our customer ensures you a quick response when a time-sensitive need arises, and innovative solutions when you require them.

## Trained and Qualified Officers

Each of our officers has undergone one of the most thorough pre-employment selection processes in the security industry, followed by intensive pre-assignment training.

# South Bay Security, LLC

# Why Choose South Bay Security?

In today's highly competitive business environment, we know that you have many options in the field of property security. Knowing this, and because we value all of our clients both big and small, we strive to be the best solution to all of your individual security needs.

**Q** Why should I choose South Bay Security over one of the bigger, nationwide security firms?

**A** Due to their high volume of clients, larger firms tend to have a standard formula for their services. At SBS, we are able to offer a more personal touch, carefully assessing your unique property needs to create an integrated partnership. We understand that no two properties are alike and will design a specific program for your unique needs.

**Q** What if I can't afford South Bay Security's rates?

**A** Most nationwide firms do have set prices, but at SBS we are able to have more flexibility. We'll assess your needs and design a program that is both advantageous and fits your budget.

**Q** I sometimes have requirements that may go above and beyond typical security services, but it would be convenient to have a 'one-stop shop' – do you offer additional services?

**A** Many companies won't go out of their way to solve unusual situations, but we welcome the chance to be your one-stop shop. We will research and strive to come up with a solution to make your life easier – from licensing our officers for special skills to providing the newest technology options in security.
