EXCEPTIONAL ENTERTAINMENT  
TO MAKE YOUR SPECIAL EVENT  
...UNFORGETTABLE!

# WE HELP YOU CREATE AN EVENT TO REMEMBER

For nearly 20 years, the personable and experienced DJ's at Moore Music have been making special events truly memorable. We get crowds dancing at:

- Weddings
- Banquets
- Corporate events
- Fund raisers
- Bar/Bat mitzvahs
- Anniversary parties
- Birthday parties
- School dances
- Graduation parties
- And more!

Unlike many DJ's that simply play music, our customized approach assures that the event reflects your style and your personality. And with Moore Music running the show, you can relax and enjoy the party along with your guests.

## More Than Just Great Music

From Big Band to current hits, the mix of music depends on your wishes. But we do more than provide a soundtrack for your event. We choreograph the entire experience! From announcements to special dances to cake cutting, we can work with the host and venue staff to ensure that everything happens right on schedule.

## We're All About The Details

We leave nothing to chance. We review every detail with you, and plan the schedule before your event. When will the cake be cut? Will the first dance come before or after dinner? What songs should definitely be played...or avoided? We'll cover it all ahead of time. So you'll have nothing to worry about.

## We Go Above & Beyond Entertainment

We want your event to be a success. And because we've worked alongside so many incredible vendors over the years, we can make suggestions and recommendations for other services such as: florists, salons, photographers, caterers, banquet halls – whatever you need to create the perfect day or evening.
